

Always show crosshair

Either patch your rom with the enclosed ips patch or follow these steps

Open the hex editor off choice and go to address 0x9F128

You'll see something like this:

```
0009F120  AF BF 00 3C AF A4 00 58 8C 4E 11 28 55 C0 00 3B   . <  .X . (UA.;
```

Replace 8C 4E 11 28 with 20 0E 00 00 and run it through goldeneye setup editor 21990 menu.
